Camp Innovator David Caetano:

"After successfully conducting our camps since 1981 we have decided to associate our camps with DTS camp and instructors. Our philosophy of developing players are similar and I feel DTS will add another positive dimension to our Camps".

Dutch Total Soccer (DTS) is a soccer training organization with a full time professional soccer training staff of Dutch coaches. Our coaches are graduates of the CIOS Academy or the KNVB Academy. The CIOS Academy is a full time 4-year sports college with a very strict acceptance policy. Our goal is simple: "To provide quality training for ALL players". Our trainers are teachers of the game and use the world renowned Dutch training methodology
